## *FOR SHORT OR LONG HAULS YOU'LL ENJOY THE DIAMOND T 1000 C COMFORT...*

Cab interiors are comfort engineered. Drivers don't get tired on long runs. Big tinted windshields for maximum visibility. Instruments and controls easily accessible. Cabs are well insulated against temperature and noise.

The optional 78½" BBC full-skirted sleeper cab has a big, 84"-long, 30"-wide berth with 4" foam mattress. Sleeping compartment is heavily insulated. Equipped with ventilating louvers and optional light-proof draw curtain. Locking storage compartments below berth. Many drivers prefer the optional padded cab interior as illustrated above.
